To Whom It May Concern:

It is with great pride that I write this letter of recommendation for Mayra Villa. During her tenure at the Tarrant Regional Water District (TRWD), Mayra served as a Graphic Artist, consistently delivering exceptional work that demonstrated her artistic talent, dedication, and commitment to our organization's goals.

Mayra's creative abilities are truly outstanding. Her designs were not only visually appealing but also effectively communicated the intended messages, whether for internal projects or public-facing campaigns.

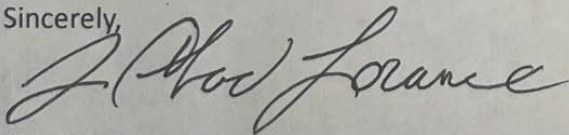

What truly set Mayra apart was her collaborative spirit. She was always very easy to work with and built strong relationships with colleagues across the organization. Whether it was taking on a last-minute project or going above and beyond to meet tight deadlines, Mayra's flexibility and positive attitude made her a valued team member.

She also approached every project with a solutions-oriented mindset, ensuring that her work aligned seamlessly with TRWD's mission and values. Her dedication to the success of the organization was evident in every aspect of her work.

I am confident that Mayra will bring the same level of creativity, professionalism, and dedication to any organization fortunate enough to work with her. She is not only a talented graphic artist but also a reliable, team-oriented professional who will become a valued member of your team.

To Whom it May Concern,

I would like to offer you my recommendation for hiring Mayra Pisters.

Mayra has helped our non-profit with illustrations, graphics, photo editing and website design. Years ago we were in search for a graphic designer that would help our non-profit stand out, someone that would align with our needs and Mayra has excelled in each need. She has gone above and beyond, helping us from the ground up in ministry design suites.

Mayra has proved to be reliable, trustworthy, open-minded, and willing to have the patience to help us grow as a ministry. Department leaders know they are able to rely on Mayra to complete tasks and projects in a timely manner because of her high organizational and communication skills. We as a ministry often didn't know where to start on certain projects like our website, Mayra took her time and walked us through the whole process from picking colors, fonts, pictures and what vision we wanted people to see when they visited our site.

We were highly impressed with the professionalism that Mayra showed to us whether it was a small job or major project we had her working on. She has always made us feel heard and appreciated. Mayra is an asset to any creative team and business. Feel free to contact us directly with any questions. My phone number is 817-675-3800 or email me at [dvilla@1faithchurch.com](mailto:dvilla@1faithchurch.com).

Sincerely yours,

David Villa

Director Of Operations

To whom it may concern,

I have known Mayra for the last 3 years. I have seen some of her graphic arts work including PowerPoint and other creations including brochures and photo books. I am involved with a non-profit that helps train surgeons in Africa called the Pan African Academy of Christian Surgeons (PAACS). Mayra did a newsletter and funding appeal for PAACS that was beautifully put together. Mayra did some contract work for PAACS. She is a super talented graphic arts designer and highly skilled at making materials for fund raising. She is currently employed by Living Water to create a variety of fundraising materials for that organization.

She has also created beautiful PowerPoint presentations and photo books. In terms of interpersonal skills, Mayra is an excellent communicator and a great listener. She gets along very well with co-workers and has great work ethic. Most importantly she is honest and reliable and has sound character. She is also a natural encourager of others.

Sincerely,
