

Disclaimer & Terms of Use — lifeprediction.net

This disclaimer covers lifeprediction.net as a whole and every interactive astrology tool or widget hosted on it, including but not limited to the Pluto Phases widget and the When & Where widget. Where a specific tool has behavior not covered here, that tool's own page will say so; otherwise, this document applies to it.

1. About This Website and Entertainment Purposes

lifeprediction.net ("the Site") publishes interactive tools ("the Tools") based on the developer's own personally-developed astrological methodologies, including a system called Pluto Phases and a system of exact-aspect Pluto transits and relocation astrology used by the When & Where tool. These reflect a genuine, personally-developed approach to astrology and zodiac interpretation — the Tools are not joke tools or random-output generators dressed up as astrology.

That said, the Site and every Tool on it are offered for entertainment and personal reflection purposes only. Regardless of the developer's own beliefs about the validity of any of these systems, all calculations, era placements, house interpretations, transit dates, relocated-city matches, and any other output produced by any Tool on the Site:

- are not scientifically validated and should not be relied upon as fact or as a predictor of real-world outcomes;
- do not constitute, and should not be treated as, professional advice of any kind — including but not limited to medical, psychological, legal, financial, investment, immigration, relocation, or career advice;
- are outputs of the developer's own personal, proprietary astrological methodologies, and are not guaranteed predictions or factual determinations about you, about any other person, or about any real-world outcome, including whether or when you will meet a partner, find work, move home, or relocate to any city named by a Tool.

2. Use At Your Own Risk; No Professional Advice

By using any Tool on the Site, you accept that you do so at your own risk, and that the developer is not liable for how you use it or for any decisions you make based on it (see Section 6). This includes any decision to relocate, change jobs, enter or end a relationship, travel to a city named in a result, or act on a date, month, or era named in a result.

Nothing produced by any Tool on the Site should be used as a substitute for advice from a licensed physician, mental health professional, attorney, immigration consultant, financial advisor, or other qualified professional. Even though the developer personally believes in the systems behind the Tools, that belief does not extend to a claim that any Tool can substitute for professional judgment on real-world medical, legal, immigration, or financial matters. If you are experiencing an issue of that kind, please consult an appropriately qualified professional — do not rely on this Site.

3. No Warranty

The Site and every Tool on it are provided "AS IS" and "AS AVAILABLE," without warranties of any kind, whether express, implied, or statutory, including but not limited to implied warranties of merchantability, fitness for a particular purpose, accuracy, reliability, or non-infringement. The developer does not warrant that any Tool will be uninterrupted, error-free, secure, or free of harmful components, or that any output — including a transit date, era placement, house interpretation, relocated-city match, or machine-translated text — will be accurate or suitable for any purpose. Some Tools use a curated list of major world cities for relocation-based results, which is a representative sample and not an exhaustive or continuously updated geocoding database.

4. Assumption of Risk

By using the Site or any Tool on it, you acknowledge that you do so voluntarily and at your own risk, and that you understand its content is interpretive, non-scientific, and intended for entertainment and personal reflection.

5. Machine-Assisted Calculations and Translated Output

Results are generated using astronomical ephemeris data and the developer's internally developed rules for each Tool. While care has been taken with the underlying data and logic, birth-time precision, ephemeris accuracy, geocoding accuracy, and the inherent uncertainty of astrological interpretation all mean results should be treated as illustrative, not exact or authoritative. Some Tools offer a translation feature; where used, the translated text is produced by an automated third-party service and may not perfectly capture the meaning, tone, or nuance of the original English text.

6. Limitation of Liability

To the maximum extent permitted by applicable law, in no event shall the developer(s) of the Site be liable for any direct, indirect, incidental, special, consequential, exemplary, or punitive damages — including but not limited to loss of data, loss of profits, personal injury, emotional distress, financial loss from a relocation or career decision, or damage to devices — arising out of or related to your use of, or inability to use, the Site or any Tool on it, even if advised of the possibility of such damages.

Where applicable law does not allow the exclusion or limitation of certain damages or implied warranties, the above limitations may not fully apply to you, and in such cases liability is limited to the smallest extent permitted by that law.

7. No Guarantee Against Legal Claims

This disclaimer is intended to reduce the likelihood of disputes and to make clear, in advance, that content on the Site is for entertainment only. However, this document cannot and does not eliminate your legal right to bring a claim where such a right is protected by law (for example, many jurisdictions render broad liability waivers unenforceable in cases of gross negligence, fraud, willful misconduct, or violations of statutory consumer-protection rights). This section is not intended to, and does not, waive any right that cannot lawfully be waived in your jurisdiction.

8. Indemnification

To the extent permitted by applicable law, you agree to indemnify and hold harmless the developer(s) from any claims, damages, losses, or expenses (including reasonable legal fees) arising from your use of the Site or any Tool on it, or your violation of these terms.

9. Third-Party Information

Any Tool on the Site may be used to generate a result based on information about someone other than the user (for example, entering another person's birth date). Any such result is not a factual determination of that person's future, character, intentions, health, financial condition, safety, relocation prospects, or circumstances, and must not be treated, represented, or relied upon as one.

10. No Guarantee of Availability

The Site and its Tools depend on several third-party and infrastructure services (geocoding, translation where offered, lead-capture forms, server-side computation via Cloudflare Workers, and static file hosting via GitHub Pages). Availability of any individual result is not guaranteed, and any Tool may be temporarily unavailable, delayed, or rate-limited.

11. Prohibited Use

You may not use the Site or any Tool's results to threaten, harass, discriminate against, defraud, harm, exploit, or facilitate unlawful activity against another person, nor to facilitate, plan, encourage, assist, or commit any unlawful, criminal, fraudulent, violent, or otherwise prohibited activity. The developer does not authorize, encourage, or endorse any such use. You also may not use automated means to submit an abnormally high volume of requests to any Tool or to circumvent any usage limit it applies.

12. Age Requirement

The Site and its Tools are not directed at children. By using the Site, you represent that you meet the minimum age of digital consent in your jurisdiction (commonly 13, 16, or 18 depending on local law) or are using it with the consent of a parent or guardian.

13. Paid Reports and Consultations

Some Tools include a link to request a paid personalized report or consultation from the developer, which opens a pre-filled third-party form (JotForm). Submitting that form does not happen automatically — you must review and submit it yourself. Purchase, refund, and delivery terms for any paid report or consultation are governed separately by the terms presented on that form and by direct communication with the developer, not by this disclaimer.

14. Changes to This Disclaimer

This disclaimer may be updated from time to time, including as new Tools are added to the Site. Continued use of the Site or any Tool on it after changes are posted constitutes acceptance of the updated terms.

15. Governing Law

These terms are governed by the laws of India, without regard to conflict-of-law principles. Note that for users located outside India, certain mandatory local consumer-protection laws in the user's own country may still apply regardless of this choice of governing law.
