PROCEDURE

The Bomb Threat Procedure is outlined in the Emergency and Safety Plan (also referred to as the Emergency Plan or Disaster Plan) for each Penticton and District Society for Community Living (PDSCL) operational site.

Each site's Emergency and Safety Plan includes detailed procedures for responding to bomb threats, ensuring a prompt, coordinated, and effective response that aligns with established safety protocols.

Since each site varies based on its demographic, service recipients, and worksite structure, a tailored procedure is implemented for each location within the framework of their specific Emergency and Safety Plan.
