July 15<sup>th</sup>, 2019

**STRATEGIC ACTION PLANNING TOOLKIT**

I am pleased to announce that the Strategic Action Plans for Lodges **Toolkit** is now available on the Grand Lodge website – <https://grandlodge.on.ca/index.php/operations/planning>

Strategic Action Planning for Lodges offers a process for evaluating the strengths and weaknesses of a Lodge and prioritizing the weakness for action. The Strategic Action Planning **Toolkit** supports the process by providing guidance to the process and resources for action.

Lodges wishing to use the Strategic Action Planning process will find the **Toolkit** provides a comprehensive guide for the Lodge to execute. For those Lodges wishing to utilize the services of a facilitator to assist them through the process, please contact the Chairman of the Strategic Planning Committee.

If your District has not had the benefit of a presentation regarding Strategic Action Plans for Lodges at a District meeting and would like to receive this 30 minute presentation, please contact the Chairman of Strategic Planning to make arrangements for a presentation at an upcoming District meeting.

The Strategic Action Planning process and **Toolkit** are intended to help your Lodge become the best Lodge it can be!
