

At the time I received it, and news of an attempt to seize my possessions, I was dumbfounded and didn't understand how they pulled off this \$65,000 judgment in favor of the New York State Department of Social Services. I was never aware of this nor was I in New York State and never once was I ever in a courtroom to get this judgment. That judgment is about what my house in Pennsylvania was worth at the time and it wasn't hard to figure out why they did this to me.

It was later discovered that the judgment was a complete forgery, with the "signatures" literal rubber stamps. Those responsible even tried to get it removed from court records in a cover-up but by law were unable to do so.

This is how a family court examiner in Suffolk County, New York worked with local police detectives who were looking for me to find out where I lived and to fabricate an illegal judgment against me to confiscate my grandfather's house. They abused the Family Court to cook up a weapon of mass destruction that haunts me still to this day. These are the documents and how the court examiner and others tried to cover it up over a six year period 1998 to 2004.

Re: Anne Schmarulyer, Petitioner

vs. Joseph Warksonis, Respondent

Docket No.: 70245698

Dear Mr. Warksonis:

This is in reply to your communication of 9/26/02.

Please be advised of the following action in the above-captioned matter:

We are requesting an audit be prepared
on your case. This will take approximately
one year to complete. If it were court ordered,
it could be done more quickly.

Other than that, the best course of action
will be to contact an attorney for advise on all
the issues on the case before you petition the
court for anything.

Very truly yours,

T. Beez
