

Dawn / Ray

was our policy. I don't care if it was one or two drinks. He spent the night. He has his own room there.

Q. So that was your policy? If you drink anything, he has to stay?

A. Yes.

Q. And he was aware of that policy?

A. Yes, he was.

Q. You made up that policy? You made that rule?

A. Yes, I did.

Q. But there were occasions when he did drink?

A. Yes. And when he did drink, he stayed at my parents house.

RAYMOND DUNLAP: Sworn:

BY MR. BANIK:

Q. State your name please?

A. Raymond Dunlap.

Q. Where do you reside?

A. 755 Wall Street, Elmira, on the south side.

Q. Dawn is your daughter?

A. Right.

Q. He is married to Joe?

A. Now. At that time she was not.

Q. Back on March 9, 1993, was he at your house?

A. Who?

Ray

Q. Joe?

A. Yes.

Q. What was he doing there?

A. AFTER he put in his day's work at the store, he came to my house to help move my daughter from Sayre, Pa. back to my house in Elmira.

Q. And were you in routine contact with him that afternoon?

A. Yes, I was.

Q. Was he drinking?

A. Soda. No alcohol.

Q. No alcohol at all?

A. None at all.

Q. How can you be certain he wasn't sneaking a beer?

A. The beer I keep in the refrigerator, which is in the dinette. And any hard alcohol is kept in the liquor cabinet, which I....

Q. What kind of beer do you have?

A. 90% of the time I have Bushe beer.

Q. Do you ever keep Piel's around?

A. Pardon?

Q. Do you ever keep Piel's?

A. I have drank it.

Q. But you don't keep it?

Ray

A. Not at home.

Q. What shape was he in or don't you have any idea about 8:00 when he left?

A. Well, after we were done moving her back to Elmira, we had a bite to eat, which my wife and I were in the dinette. Him and Dawn had their meal in the t.v. room in the basement and it got to be approximately 8:00. And being that he has to be up early in the morning, he started heading back to Lawrenceville.

Q. Did you see him to say goodbye when he left?

A. Yes, I did.

Q. What shape was he in at that time?

A. I would say he was tired but other than that....

Q. He had been up since 6:00 in the morning?

A. No. He has to be to work at 6:00 in the morning. So he would have been up before that.

Q. And you are certain that he had nothing to drink from the time he left?

A. He had no alcohol at my house or at the apartment in Sayre.

Q. How long would it take him to get from your residence in Elmira, by way of Route 328, to end up in Lawrenceville?

A. I would say depending on traffic, thirty, forty minutes.

Ray

Q. How would you know that? Have you ever traveled that route?

A. Yes, I have. I drove delivery truck for quite a few years.

Q. So you would have traveled that precise route?

A. Many times.

Q. And twenty-seven minutes later, he was in the Lawrenceville area, would that have allowed him any time to do anything along the way?

A. I wouldn't say so. Unless he was flying.

BY MR. COWLEY TO RAYMOND DUNLAP:

Q. I just have a couple questions. You were home all day that day?

A. I'm retired.

Q. I understand that. Were you home all that time?

A. Yes, sir.

Q. Okay. And your daughter and son-in-law, or present son-in-law, came to the house in the morning, after work, is that right?

A. It was after work, yes.

Q. About what time, do you know? What time did they get there?

A. That I am not positive of.

Q. Okay. I think you said he helped her move that day?

Ray

- A. He helped move my daughter back from Sayre to Elmira.
- Q. Did they use the truck?
- A. His truck.
- Q. Did they leave together in the truck and come back and bring the truck back? What did they do?
- A. Yes. And I believe I was there also with my car, following. Or leading. One or the other.
- Q. So they got home at some time, and then after that, he and your daughter got in his truck, went to Sayre, and you went to Sayre, to get some of her stuff and bring it back to the house?
- A. That's correct.
- Q. Do you remember whether you made one trip or two trips?
- A. I think, I'm not positive, definitely one. It might have been two.
- Q. One to two trips?
- A. Yes.
- Q. Well, how long did those trips take?
- A. Oh, I would say, from Sayre to Elmira, a good half hour. About the same distance from my house to their place in Sayre, to her place in Sayre, as to my house.
- Q. About what time did they arrive back home from the

last load that they took? Whether one load or two loads?

A. It was early evening, I believe.

Q. 4:00, 5:00?

A. Somewhere in that area.

Q. And they brought this stuff in the house?

A. Yes. And some in the garage.

Q. Some in the garage, some in the house, up to her room?

A. Yes.

Q. Wherever her room is? Upstairs, downstairs, is that right?

A. Yes.

Q. Okay. And then he stayed until about 8:00 and went on his merry way, is that right?

A. That's correct.

Q. Were you with him between 5:00 and 8:00, or were they eating...you said they ate alone....?

A. Well, they were in the t.v. room in the basement.

Q. They ate their supper down there?

A. Yes, they did.

Q. How long were they in the basement alone then? All evening or....?

A. Pretty much so unless they went up to the bathroom or something.

Ray

- Q. So you weren't with them the whole night is what I'm saying? Physically, in the same room?
- A. Physically, no. But I was in an opening where I could see whatever went on. As far as throughout the house. Except for the t.v. room.
- Q. I guess you were watching them?
- A. No. No. But I was sitting in the dinette. So if they came upstairs to go to the bathroom, they would have passed by myself or my wife.
- Q. Okay. They are down in the t.v. room the whole night?
- A. Yes.
- Q. And they only came up from the t.v. room to go out and leave?
- A. I assume so.
- Q. And where did he park his truck?
- A. In my driveway.
- Q. In your driveway. Then he got out, walked to his truck, in your driveway, got in the truck and went down the road?
- A. That's right.
- Q. Did he go alone, do you know?
- A. Yes.
- Q. Did he take anything with him?
- A. No.

Adda

Q. You could see him? The only place you couldn't see him was downstairs in the t.v. room. You could see him when he left?

A. Yes.

Q. Is that right?

A. They came up to say goodbye, etc.

Q. State your name please?

A. Adda Gontarz.

Q. Where do you reside?

A. 15 Main Street, Lawrenceville. # S O

Q. Joe is your neighbor?

A. Yes. Joe is my neighbor.

Q. On March 9, of this year, it's my understanding you were listening to your police scanner?

A. Yes. I bought a scanner a few months ago. When you buy your scanner, they give you certain frequencies. So I program it in to Tioga County. I don't listen to it all of the time. Just once in a while when I'm upstairs, I turn it on. And I happened to have it on that night.
