Our company aims to be a leader in environmental management systems in the country and maintain reliable relationships with stakeholders and strive to meet the needs and expectations of our local communities so that we are an active and supportive part of our communities.

POLICY OF HSE

DMC STRONG HSE CULTURE :

- DMC develops the health, safety and environmental (HSE) programs, processes and trainings help our operations plan and execute work safely. But we know that this is not enough. To truly be world class at HSE requires a caring, preventive safety culture.
- Everyone – from craft workers to senior leaders – must embrace this paradigm of care that empowers each of us to own our safety culture. We're Safer Together.
- We don't compromise on safety. Ever.
- We are one safety family. We are Safer Together.

- DMC HSE Management System establishes basic requirements for all DMC operations. It provides a common framework for how DMC employees execute HSE on projects and offices and ensures global consistency in the application of DMC HSE practices. It is a critical part of the way DMC does business.
- The use of this integrated, consistent company-wide approach to HSE has provided the following benefits:
- Competitive advantage to clients through reliability and reduced risk
- Efficiencies in the execution of work
- Greater opportunities to provide solutions to HSE challenges
- Improved tracking that indicates the manner in which the company is managing its HSE impact.

VISION, MISSION AND VALUES

VISION

Our company considers that one of its main tasks is to build and provide more projects in different sectors that will develop and contribute to rebuild the country.
