Outdoor Living
"Rain or Shine"

LOUVERS MADE SMART

THE ULTIMATE ADJUSTABLE PATIO COVER SYSTEM
CONTEMPORARY DESIGN / SUN / SHADE / RAIN / TEMPERATURE CONTROL

A NEW ERA OF OUTDOOR CLIMATE CONTROL

The Luxury Outdoor Opening Roof is redefining Commercial and Residential outdoor living and dining areas. A unique system that provides variable shading, light, and protection from the rain

WHO BENEFITS?

Residential, commercial and hospitality sectors are enjoying the many applications of the Luxury Outdoor Opening Roof. Take advantage of your outdoor space

RESIDENTIAL

- Extend outdoor living space
- Patios, pool areas & courtyards
- Rooftop Structures
- High Rise Balcony Covers

COMMERCIAL

- Restaurants: Increase profits with year 'round outdoor dining.
- Office buildings: outdoor community areas
- Shade Canopies

HOSPITALITY

- Poolside shade cabanas
- Guest dining areas
- Rooftop shade, pergolas, ramadas, lanais

TECHNICAL SPECIFICATIONS

LOUVER / TRACK MATERIAL

6063-T6 Aluminum (All extrusions manufactured following Aluminum Association tolerances and to meet ASTM standards)

PIN MATERIAL

Self-lubricating, UV resistant Delrin®, by Dupont™

COATINGS

Electrostatically applied polymer enamel, oven baked at 400° to H-2H hardness. Excellent resistance to stains, scratches, dirt, and UV rays

EXTRUDED ALUMINUM POST AND BEAM

Post standard sizes: 4x4 and 6x6. Beam standard sizes: 2x8 and 2x10. Additional beam sizes available

LOAD RATING

Miami Dade County Wind Loading: ASCE 180 mph.
60 lb snow load

INSTALLATION

Project specific connection details and installation guides included with each system

OPENING ROOF SYSTEM COMPONENTS

TIMELESS BEAUTY

Our Louvers and components are available in standard colors as well as an endless array of finishes that will complement any architectural design. When fully closed the louvers provide the elegant look and feel of a traditional tongue and groove ceiling

DESIGN & ENGINEERING

From rooftop restaurants to poolside patios, our designers are ready to work with you. We develop construction documents that include connection details and site-specific engineering

VIRTUALLY MAINTENANCE FREE

High-quality finishes eliminate time-consuming painting, staining, and waterproofing. Aircraft grade aluminum components prevent warping, cracking, and deformation

RAIN PROTECTION

The interlocking louver system provides protection from the rain, channeling water into the full perimeter gutter system

SOLAR CONTROL = ENERGY SAVINGS

We articulate in any direction for maximum comfort. Light and sun for solar heat gain, or energy saving shade

EXTRUDED ALUMINUM FRAME

The Luxury Outdoor extruded aluminum frame system offers the appearance and structural integrity desired from architects and professionals

somfy®

- Remote Control
- Decoflex Wall Keypad
- Phone & Tablet App
- Voice Control

"Alexa, Open Apollo"

The ultimate in...
