Alvydas Giniunas and his staff from ACR Motors.

BY COLM GANNON

The hum of work fills the air in ACR Motors in Drumconlan in Castlebar with the mechanics going about their work repairing and preparing cars and vans to get back on the road. The man behind ACR Motors is Alvydas Giniunas - who has been running the business for the past six years, initially from a facility in Ross on the outskirts of Castlebar before he moved closer to the town three years ago.

Alvydas told us the move has been a great boost to his business saying, "When I started the business in 2011 I was renting a premises in Ross just outside Castlebar. After a few years there I decided that it was better to move into the town and this location came up. We've been here since 2015 now and the business has gone from strength to strength."

At ACR Motors their aim is simple — to provide professional car and vehicle services, and to assist you in solving your car and vehicle issues quickly and effectively ensuring minimum impact on your day-to-day plans.

Alvydas Giniunas from ACR Motors.

Since he opened in 2011 in his old location, through his hard work Alvydas has seen his business grow to where he now employes three full time mechanics. He himself has 17 years of experience in the trade as a qualified mechanic.

ACR Motors is a full service repairs garage both on site and off site with their mobile mechanic service as Alyvdas explains: "We cover all repairs — from cars to vans to trucks (up to 3.5 tonnes) — and we also have a mobile mechanic and tyre replacement service which isn't something that everyone else offers. It's great for people that if there is nothing too serious we can go out and fix it on the road. We also offer a 24 hour call out service."

Super servicing

ACR's mechanics are highly qualified and will explain your service in clear, plain terms, avoiding confusing jargon. They offer a fixed price, based on a fixed service, giving you top value and no hidden surprises. If you are unsure of the best service for your vehicle, they'll take the time to assess your needs and recommend the most valuable service. They strive to give you the best possible service at excellent rates and stand by their philosophy of quoting clear, honest prices with no hidden costs. The also offer a free NCT pre-check and tyre safety pre-check free of charge.

Detailed diagnostics

If you have a breakdown, accident or vehicle emergency, ACR Motors 24/7 call out service ensures that they will respond to your call immediately. When your ACR Motors mechanic arrives on the scene, they may need to run a fault finding diagnostic check as part of your repair. You can relax, knowing that they will be thorough and advise you clearly on the best way forward.

They also offer a full diagnostic check as part of their 30 Point Checklist Service and their extensive diagnostics equipment can run fault finding for any kind of vehicle. Make vehicle diagnostics a regular part of your vehicle care routine for the safest driving and best possible performance from your vehicle.

Tip top tyres

ACR Motors stock hundreds of tyres, with sizes and models to suit all vehicles. They guarantee safe, reliable tyres of the best quality and their current stock of tyres include all the top tyre brands. They also specialise in part worn tyres, stocking an extensive selection to fit all vehicles. You'll often find new and part worn tyres at ACR Motors that are difficult to source anywhere else as they go the extra mile to cater for all makes and models. Their range includes Run Flat tyres with very low mileage. All of their tyres are pressure tested by qualified technicians prior to fitting, ensuring your safety and the most efficient running of your vehicle.
