Creative Producer, Infinite Digital Monkeys

August 2023 — Present

- Led a nine-person sub team within a 31-person studio delivering a unique first-person adventure puzzle game with over 25,000 downloads on Steam.
- Oversaw development from concept to completion, ensuring the project stayed on schedule.
- Maintained detailed documentation of the development process, including creative decisions, changes, and progress reports.
- Collaborated with game designers and creative leads to develop and refine game concepts and storyline.
- Maintained and communicated the creative vision of the game, ensuring that it aligned with the project's goals and target audience.
- Identified and addressed any issues or roadblocks that arose during development and provided solutions to keep the project on track.

Producer & 2D Artist, Biodegradable Barry Team

January 2023 — May 2023

- Developed and communicated the game's vision, narrative, and artistic direction.
- Created and maintained project schedules, made changes as needed to meet deadlines.
- Created 2D animations for characters and environments, including frame-by-frame animation and sprite sheets.
- Worked closely with game designers and programmers to ensure that art assets were integrated seamlessly into the game.

📁 Work History

Design Assistant, Elegante Interiors & Design

August 2022 — Present

- Assist designers with the creation and development of design concepts and layouts.
- Prepare and maintain design documentation, including drawings, specifications, and schedules.
- Liaise with vendors and suppliers to obtain samples, pricing, and product availability.
- Coordinate project details and schedules, ensuring that deadlines and budget constraints are met.
- Participate in site visits to take measurements, assess project progress, and ensure design specifications are being met.

Outdoor Garden Associate, Lowe's Home Improvement

April 2020 — August 2022

- Provided great customer service, assisting customers with inquiries and product recommendations.
- Monitored and managed inventory levels, including restocking shelves organizing displays and ensuring products were correctly labeled.
