

OTHER EQUIPMENT

- **1 CMM and Profile Projector.**
- **2 Laser Engravers/Printers**
- **1 Compressor, Dehumidifier and Compressed air tank.**
- **3 Pad Printers and 2 Ovens.**
- **Rotary Silk Screen machine.**
- **2 Cooling Towers.**
- **2 Electric Forklifts.**
- **2 Electric Traveling Cranes**

CMM
(Coordinate Measuring Machine)

Profile Projector
(Optical Comparator)

Laser Engravers

PEDB-UV-5W(automatic rotary fixture; electric moving working platform: 450*180mm), glass engraving.

Sample

20W fiber laser marking machine PEDB-400 (marking area:110*110mm), steels engraving.

Sample

Compressor, Dehumidifier and Compressed air tank

Pad Printers and Ovens

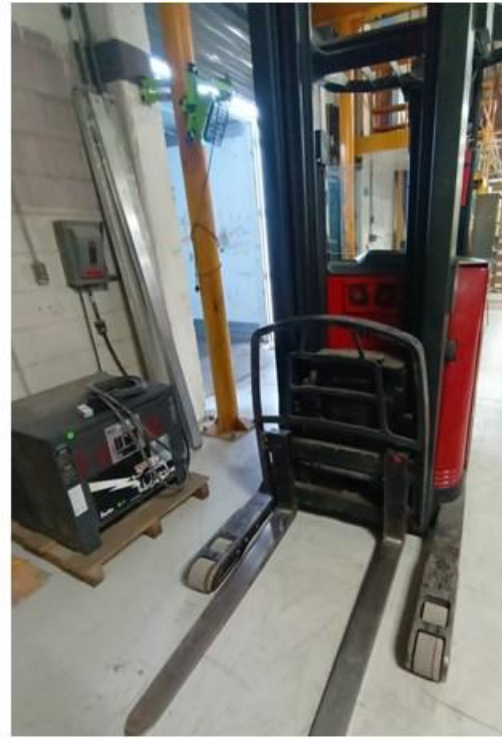

Rotary Silk Screen Machine

2 Cooling Towers

Electric Passenger Forklift Cap. 4500 lbs.

Electric manual forklift. Capacity 1360 kg. Ideal for mounting molds on injection molding machines.

Electric Traveling Crane, 3-ton capacity, 3 sections of 20 ft each

Electric Traveling crane, 3-ton capacity, 1 section of 20 ft.
