

Neo Series Lobby Phone

**Small Footprint, Two Types of Handset,
Sleek design, Modern Colors,
No Keypad for the people in lobby usage,
Special designed Lobby Phone faceplates**

Bittel Neo lobby phones are designed just only for hotel lobby phone calls. It has no dial keys for the outside calls. Once its handset is hanged up the phone dials the operator automatically. But the phone can be equipped with 10 speed dial keys that can dial hotels general public services automatically, (like restaurant, coffee house, spa, business center, etc.)

Basic functions

- Analog, corded phone
- Can have up to 10 hotel service keys
- No dial pad
- Full length faceplate for your hotel name & logo and hotel service symbols for hotel service keys
- Multiple patented functions including programming cloning technology, filed phone numbers disappearing after preset time etc.
