

Zenoti Interface Announcement

We're excited to share that several Zenoti interfaces will be getting a fresh new look later this quarter!

What's changing?

The **Appointment Book, Guest Profile, Register Module, and Zenoti Mobile App** will be updated with a redesigned interface. These updates are **cosmetic**, and there are **no major workflow changes**, so everything will continue to function just as you're used to.

Key Dates to Know:

- **February 16:** Spas will be able to **toggle on the new interface**. We highly encourage enabling it early to get comfortable with the updated look and feel.
- **March 10:** All spas will be **fully transitioned** to the new interface. At that time, the old interface will no longer be accessible.

Training & Support:

- Updated training manuals will be posted **before** the toggle becomes available.
- We'll also be announcing a **dedicated email address** for any interface-related questions.

Start Learning Now!

Get a head start by exploring the new interface training videos available in the LMS:

LMS > Training > Zenoti > Zenoti New Interface Training Course

Available Videos Include:

1. Appointment Book Overview
2. Appointment Block Changes
3. The Guest Profile
4. Opening & Closing the Register

Coming Soon: A brand-new **Zenoti Mobile App Walkthrough!**

We're looking forward to bringing you a refreshed Zenoti experience and supporting you every step of the way.
