

Worship is My Weapon

You gave me your Spirit
So I can wear your armor
You gave me your Word
So that I have a weapon
You gave a sacrifice
So that I have victory

Worship is my weapon
I raise my voice and my hands
Worship is my weapon
And on my knees I will fight
Worship is my weapon

As we march around the wall
Trumpets sound and strongholds fall
By the name of God's Son
Our victory has been won

As we march around the wall
Trumpets sound and strongholds fall
By the name of God's Son
Our victory has been won

Worship is my weapon
I raise my voice and my hands
Worship is my weapon
And on my knees I will fight
Worship is my weapon

I praise your name Jesus
On bended knee I will be
Walking in your victory
I praise your name Jesus
Oh, How I praise your name
Jesus

As we march around the wall
Trumpets sound and strongholds fall
By the name of God's Son
Our victory has been won

As we march around the wall
Trumpets sound and strongholds fall
By the name of God's Son
Our victory has been won

Worship is my weapon
I raise my voice and my hands
Worship is my weapon
And on my knees I will fight
Worship is my weapon

Jesus you're my fortress
You're my strong foundation
Jesus you're my victory
You're my salvation

Jesus you're my fortress
You're my strong foundation
Jesus you're my victory
You're my salvation

Jesus you're my fortress
You're my strong foundation
Jesus you're my victory
You're my salvation

Worship is my weapon
I raise my voice and my hands
Worship is my weapon
And on my knees I will fight
Worship is my weapon

Worship is my weapon
